

HOW WE'RE KEEPING YOU SAFE

MSC CLEANING PROMISES

TRAINED TEAMS

Our staff are ready to go, and are educated in the current Government restrictions. The team have been trained in how to keep the venue and our patrons safe, having completed COVID Infection Control Training.

HYGIENE AWARENESS

We have Hand Sanitiser at all our entry and exit points, and extras located through out the venue. Hand Wash Stations are in all our changerooms and amenities, and anitbacterial wipes in our gym and group fitness classes.

INCREASED CLEANING

Whilst we strive to offer a clean and presentable venue to our patrons at all times, we have increased our cleaning, ensuring that now, more than ever, we are at our best. Plus, we have allocated times to ensure that extra cleaning occurs between sessions.

COVID OFFICERS

Here at MSC, we want to make sure that not only are you safe at our venues, but you feel safe. We have deployed staff into COVID Officer roles to monitor social distancing, general hygiene and provide all round service to our patrons.

HOW YOU CAN HELP

Whilst we ask where possible, to bring your own equipment, we will have disinfectant wipes available for you to wipe down your equipment pre and post your visit.

Remember 'No Towel, No Train'
