LOGGING INTO CLIENT PORTAL

How to log in to Client portal

Our new MSC Client Portal allows you to book into sessions, classes and courses, view availability, and manage your account details on any device.

If you have been a member or guest previously at MSC we've done all the hard work for you, your MSC account is already set up!

Your username is the email attached to your MSC membership or customer profile.

If your email address has changed since we last saw you let us know and we can update it for you.

All you will need to do now is reset your password [here](#).

Once you have reset your password please login to your MSC Client portal [here](#) and take a look around!
